

## Coronavirus Concerns / Health at the Festival

The safety and security of our speakers, volunteers, and participants is our highest priority.

According to the [covid19.ca.gov](https://www.covid19.ca.gov) site:

In San Diego County, California, community level is Low.

- Stay [up to date](#) with COVID-19 vaccines
- [Get tested](#) if you have symptoms

---

People may choose to mask at any time. People with symptoms or a positive test are encouraged to stay home. People who have been exposed to someone with COVID-19 are encouraged to wear a mask.

If you are immunocompromised, learn more about [how to protect yourself](#).

We will, of course, continue to monitor the situation and provide updates to our festival community (including updates to this document and to our website). Both before and on the day of the event, we encourage everyone to follow the CDC's guidelines regarding everyday behaviors that can help prevent the spread of respiratory illnesses, including frequent washing of your hands with soap and water; covering coughs and sneezes; avoiding touching your face, eyes, nose, and mouth; and remaining at home when you are feeling unwell.
